Sprint 4 Report
SlugRide
Team SlugRide
12/2/2019

Actions to stop doing:
- Stop letting deadlines sneak up on us, even if they are at the end of a break.

Actions to start doing:
- Start testing more thoroughly before committing code, as some pages have been buggy.

Actions to continue doing:
- When we don't have meetings, we should still keep in communication as to how our tasks are going.
- Continue the pair programming / group coding sessions, as we seem to be most productive during these

Work completed:
- As a rider, I need to be able to join a ride and get in contact with a driver.
- As a driver, I need to be able to create a profile to include my information in my drives.

Work not completed:
- As a user, I want the app to be aesthetically pleasing.
- As a driver, I want to be able to view and delete my rides.

Work completion rate:
2 stories completed

12 hours of ideal work
