Sprint Report #2 Slug Ride

Team Slug Riders 10/21/19

Actions to stop doing:

Working on a task, without other team members knowing. Ended up doing some work twice for no reason.

Actions to Start Doing:

Spend more time on Trello, to organize task distribution.

Hold each other accountable to the work they are supposed to be doing

Actions to Continue Doing:

Continue our Time managing plan with our other courses, so that we can stay on track with our sprint plan

Continue doing group work sections. They have been very productive for us and allow us to bounce ideas off each other.

Continue doing our research in off time to make sure we are using the best technologies we can for our project.

Work Completed/Not Completed:

Completed:

- As a user, I need a way to create an account for the app and have my information stored, so that I can use the app and keep track of my information.

Not Completed:

- As a driver, I need a way to post my times, location, and seats available
- As a rider, I need to be able to join a ride and get in contact with a driver

Work Completion Rate:

1 Story Completed.

10 hours of Ideal work.

12 days

1 Sprint/ 10 hours
